Sleepers Oil

Surface treatment of Sleepers

General

Sleepers Oil is a mixture of asphalt and pine tar.

Range of application

Sleepers Oil is intended for surface treatment and dark glaze of railway sleepers, poles, fences etc.

Instructions for use

Sleepers Oil applies in thick layers on the surface to ensure penetration of the wood. For untreated timber and If the wood absorbs well, apply a second layer to achieve an extra effective penetration. Surface should be dry and cleaned.

Note! May cause allergy if skin contact. Use protective gloves.

Package

20400473 / 3-lit can

Technical data

Color:	Brownish black
Density:	0,88 kg/lit
